PAPER - ENTREPRENEURSHIP
DEVELOPMENT***

B.Sc./BHSC I Year
F.C. Paper-III
Entrepreneurship Development

Entrepreneurship Development is the third paper of Foundation Course for 1st year which is to the business knowledge.

This subject is the means of enhancing the knowledge and skill of entrepreneurs through class room teaching, coaching, programs and training. It helps the students frame new ideas for achieving their goals, improve business and the national economy.

This paper guides the students to start their own business and the basic requirements of being their own entrepreneur.

- This syllabus provides the information regarding setting up new business in a small manner.
- The students are taught about the functions of an entrepreneur, innovation, importance and characteristics of an entrepreneur.
- Goal determination, achievements of motivation, preparation of project report, registration process of any business, analysis of business are other important topics provided to the students. It also helps them to know how to maintain accounts, balance sheet, profit & loss, the type of government and

private policies providing loan facility and various other resources related to business.

- Thus the students are enabled with a complete knowledge regarding being their own entrepreneur.
