## GREEN POLICY

At Govt. M.H. College Of Science And Home Science For Women, we are committed to protecting the environment and promoting sustainability in all aspects of our operations. We believe that environmental responsibility is integral to our success and are dedicated to implementing practices that minimize our ecological impact.

### • Our Commitments:-

1. **Reduce Waste:** We aim to reduce the waste we produce through recycling, reusing materials, and minimizing single-use products. We encourage all employees and partners to participate in these efforts.
2. **Conserve Energy:** We strive to decrease our energy consumption by utilizing energy-efficient equipment, reducing unnecessary energy use, and encouraging energy-saving practices across our facilities.
3. **Sustainable Sourcing:** We prioritize the procurement of sustainable and ethically sourced materials. We work closely with suppliers who adhere to environmental standards and share our commitment to sustainability.
4. **Minimize Carbon Footprint:** We are committed to reducing our carbon footprint by optimizing our operations, utilizing renewable energy sources, and encouraging eco-friendly transportation options.
5. **Educate and Engage:** We provide ongoing education and training to our employees about environmental issues and sustainable practices. We also engage our community and stakeholders to promote environmental awareness and action.

We will regularly monitor our environmental performance and review our practices to ensure continuous improvement. Our goals will be reviewed annually, and updates will be made to this policy as needed to reflect new challenges and opportunities in environmental stewardship.

Through this green policy, Govt. M.H. College Of Science And Home Science For Women commits to contributing positively to the environment and promoting a sustainable future for all. We believe that every action counts and that together, we can make a significant difference.
